

NuVet Plus Wins Reader's Choice Award!

**DOGFANCY
READERS'
CHOICE**

In 2009, we're asking readers to choose!

May's Winners

We asked you and DogChannel visitors what dog supplement you swear by to keep your dog healthy. Here are your favorites:

- **Joint Oats 4 Dogs, from Grizzly Pet Products**
"After a serious knee injury after falling on ice twice, my 5-year-old Dobeman developed arthritis, was limping, and was not a happy dog. This product changed his life."
- **NuVet Plus for Canines, from NuVet Labs**
"The health of my dogs has been outstanding on this human-grade vitamin. I rarely go to the vet for any illness."
- **DogZymes, from Nature's Pharmacy, Inc.**
"I've been using DogZymes since 1989. I think they are the best supplements you can buy and are human-grade. Their probiotics helped my last Schnauzer. My present Schnauzer has been taking DogZymes since she was 6 years old, and she will soon be 14."
